MyChart Test Results

Results are released 36 hours after resulted by the physician's office and the hospital except pathology results, which will be released at 14 days. Sensitive labs are not released via MyChart and will need to be requested from Medical Records or your physician's office.

1. From the Home page, select Health to choose Test Results or use the Quick Link to the right to View Test Results.

| Baptist Health MyChart | Activate | eelth | Visits | Messaging | Billing | Resources | ≌ ≡ Profile | MyC Myc Log Out | |
|---|---|-------|--------|-----------|---------|-----------|-----------------------|--|--|
| Welcome! Schedule appointments for your current health reminders. 7 reminders need your attention. | | | | | | | Qui | Quick Links View test results Ask a question Schedule an appointment | |
| Read your mess | Read your messages. You have 42 new messages. | | | | | | | | |
| Read your letter | Read your letters. You have 1 new letter. | | | | | | | Refill medications | |

2. Select the test to view details, including reference range and any result comments added by provider. If results from your recent hospital stay are not visible, select the Show Hospital Results check box.
